LATEST GUIDANCE

VACCINE

COVID-19 vaccine eligibility:

All individuals who are 12 years of age or older and live, work, or attend school in Connecticut are eligible to receive the COVID-19 vaccine.

For more information on vaccinations and to learn how to get the vaccine, visit ct.gov/covidvaccine.

Mask and face covering requirements:

As of May 19, 2021, Connecticut's protocols regarding masks and face coverings were [updated](#) to align with the recently modified CDC recommendations. The protocols that are currently in effect statewide are as follows:

Outdoors

- Masks not required

Indoors

- Vaccinated not required to wear masks
- Unvaccinated must wear masks
- Masks are required to be worn by everyone in certain settings such as healthcare facilities, facilities housing vulnerable populations, public and private transit, correctional facilities, schools, and childcare
- Businesses and state and local government offices have the option to require masks to be worn by everyone in their establishments

Business sector rules in effect:

As of May 19, 2021, all of the business sector rules that were previously enacted to prevent the spread of COVID-19 have been lifted, except for the updated mask requirements as noted in the section above. These changes are contingent upon a low incidence of COVID-19 and the Connecticut population continuing to get vaccinated.

Travel Advisory: Mandates and requirements regarding travel are no longer in effect in Connecticut as of March 19, 2021. However, residents and visitors to Connecticut are strongly urged to follow travel-related guidance from the Centers for Disease Control and Prevention (CDC) and the Connecticut Department of Public Health (CT DPH). [Click here for detailed guidance regarding travel.](#)
